Hi all,

Emily Hall called me today and asked if we wanted to have DSHS provide an overview of their program at the Lane meeting. They had presented at River City following Steven and it went well. I asked her if she would forward the slides (see attached). She also indicated that she would not be at the meeting, however Jessica would be there. She wanted to let us know- that they would be available after the meeting to talk one on one with the community members. That any questions asked during the meeting – would be deferred to the end to be addressed one on one.
